Site Name: Yellowstone Branch Line Trail 7.6 miles NE of Ashton, Idaho

State: Idaho

ADS Region: Northwest

Owner/Operator's Contact Info: Rails-to-Trails Conservancy (208) 652-7442

Website: <https://www.bringfido.com/attraction/7990> NA

Email: NA

Description of Site: 34 miles of multi-user trail the current completed rail trail extends south from Ashton, Idaho 26 miles to Teton, Idaho and through what was historically the heart of the early 19th Century fur trapping country.

Directions to Site: Trail End Points: Warm River to Montana State Line. The main, south-end access is from the Bear Gulch Trailhead northeast of Ashton, ID. There is an underpass constructed under the Mesa Falls Scenic Byway (State Hwy. 47) to access the trail which is less than 1/4 mile from the parking area. The trail can also be accessed from Warm River Campground at the actual southern terminus, but a parking fee is charged by the concessionaire. From Ashton, Idaho Head east on ID-47 N/Main St toward S 6th St Continue to follow ID-47 N Turn right onto Warm River Campground Rd Destination will be on the left

Conditions at Site Trail can get narrow, so 50" axle max suggested. Be aware and watch for ATV use. The center portion of the trail is closed to motorized use from May 1st through June 15th to protect a sandhill crane nesting area.

Has submitter driven site recently? No

Track Surface: sand & ballast. Shoes recommended

Track Width: Not wide to pass (see conditions above)

Description of Site: About 20 miles (32 km) east-southeast of Salem. It is the largest state park in Oregon with an area of more than 9,000 acres (36 km²), and it includes more than 24 miles (39 km) of walking trails, 14 miles (23 km) of horse trails, and a 4-mile (6.4 km) bike path. Its 8.7-mile (14.0 km) Canyon Trail/Trail of Ten Falls runs along the banks of Silver Creek and by ten waterfalls, from which the park received its name. Another 25 miles of wooded, multi-use trails beckon hikers with dogs, horseback riders, trail runners and mountain bikers. These less-traveled backcountry trails wind through lush, native vegetation including salal, sword fern and Oregon grape—all tucked beneath towering second growth stands of Douglas- fir and western hemlock. Access backcountry trails from the North Falls Trailhead, the parking area in the Howard Creek Horse Camp and the Highway 214 trailhead on the southwest end of the park.

Directions to Site 26 miles east of Salem from OR-213 S Turn left onto Valley View Rd NE 1.4 mi Turn right onto Evans Valley Rd NE 0.1 mi Turn left onto Madrona Heights Dr NE 0.8 mi Continue onto Quall Rd NE 0.6 mi Turn right onto Forest Ridge Rd NE 0.4 mi Slight left onto OR-214 S

Conditions at Site: Wide trails for carts. Pets are not allowed on the Canyon, Maple Ridge, or Winter Trails, but are permitted on the Rim Trail and 22-plus miles of other trails elsewhere in the park. Bear & cougar

Email: ryan.brown@oregonstate.edu

Description of Site: Uproute Trail is a 0.3 mile multiple-use year-round trail connecting the 680 road to the end of the 6020 road. This trail connects with Extendo near the 680 road. Open to hikers, bikes and horses. Homestead Trail begins at the Oak Creek Access parking lot. This easy 0.4 mile trail joins the 6021 and 600 roads in making a 1.9 mile loop back to the parking lot. Open to hikers, bikes and horses. Lower Horse Trail travels 0.5 miles through a meadow featuring panoramic views, and connects the 610 and 612.4 roads. Open to hikers, bikes and horses. Upper Horse Trail is a 0.9 mile multiple-use year-round trail and connecting the 610 and the 600 roads. Open to hikers, bikes and horses. Dan's Trail climbs 3.1 miles from 700' at the forest boundary with Chip Ross Park to 1478' at Dimple Hill. Lower Dan's crosses through an historic orchard. Upper Dan's climbs to the top of Dimple Hill for impressive views of Corvallis, the Coast Range, and the Cascade Range. Open to hikers, bikes and horses.

Directions to Site: The easiest trailhead to access the McDonald Forest, on the west edge of Corvallis, is the Oak Creek Area. Follow Oak Creek Drive west from a major intersection of Harrison Boulevard, 53rd Street and Walnut Boulevard. After two miles, turn north and continue another mile to where a gate closes the road and parking is available.

Owner/Operator's Contact Info: (206) 296-0100

Website: <http://www.wta.org/go-hiking/hikes/marckworth-forest>

Email:

Description of Site: Timber lands. Logging may be underway and hunting is allowed. Locked gates at all entrances. Minis & short carts could go under and horses can usually go around but gates have no passway for larger vehicles. Generally, very good dry gravel roads. Some potholes, a few steep areas. The Tolt Pipeline Trail extends for miles, and comprises a grassy strip and narrow paved road occupying a wide swath in the forest. A wood fence separates the grass area from the road.

Directions to Site: From Duvall take Cherry Valley Rd to Kelly Rd, turn left/north on Stossel Crk Rd, go past State Forest sign, look for gates on right and left sides of road.

Conditions at Site: Nonmotorized gravel logging roads (except for occasional log truck or law enforcement vehicle). Best to bring a map as roads go on for many miles.

Description of Site: The Tolt Pipeline Trail is a 8.9 mile, 100 foot (30 m) wide, unpaved equestrian, pedestrian and mountain bike trail in Seattle's Eastside suburbs. It stretches 12 miles (19 km) along the Tolt pipeline right-of-way from Bothell, Washington to the Snoqualmie Valley Regional Trail near Duvall. Rural woods.

Directions to Site: Driveable section of trail is north of Lake Joy and east of Kelly Rd. Access from Kelly Rd or (VSEs only) from first gate on right in Markworth State Forest on Stossel Crk Rd.

Conditions at Site: Nonmotorized paved road (except for occasional City or sheriff vehicle) and wide dirt trail next to it. About 12 miles from Kelly gate to reservoir. Driveable section of trail is north of Lake Joy and east of Kelly Rd. Locked gate at Kelly Road entrance with passway for single horses. Other locked gates are across side access roads east of Kelly. Lightly used by bicyclists and trail riders. Trail can be muddy. A few hills but few steep. Connects to many side trails, but most are not cart-friendly.

The American Driving Society, Inc.

Site Name: Road into Monte Cristo (Caution suggested...see conditions) located in Mt. Baker National Forest: east of Granite Falls, Snohomish County

State: Washington

ADS Region: Northwest

Owner/Operator's Contact Info: USFS & Monte Cristo Preservation Society/ 2018

BOD: David Cameron cameronlindgren2@gmail.com (360) 793-1534

Website: http://mc-pa.org/?page_id=18

Email: Monte Cristo Preservation Society: cameronlindgren2@gmail.com

Description of Site: Monte Cristo is 4.1 miles from Barlow Pass along a gated county road maintained since 1984 by volunteers from the Monte Cristo Preservation Association. Since 2006, the route has been damaged from avalanche and flood, primarily in the first mile. For the first two miles and the last quarter mile it follows the old Everett & Monte Cristo Railway grade. The section in between contains two short hills at either end. Elevation at Barlow Pass is 2360'. The lower townsite is approximately 2900'. Preservation Society 1/2018

News Update: <http://mc-pa.org/?m=201801>

Directions to Site: North from Seattle on HWY 9, turn right onto HWY 92 and go east to Granite Falls. At the end of HWY 92, turn left on the Mountain Loop HWY. Follow this until you hit the parking lot at the end of the Pavement. Be forewarned, this is a USFS parking lot and you do have to buy the Trail Pass beforehand.

Road map and brochure of trail: <http://mc-pa.org/wp-content/uploads/MCPABrochure1Small.pdf>

Conditions at Site: Parking areas and a toilet are located at Barlow Pass. Additional toilets are located at the Weden Creek trailhead where the road crosses the South Fork Sauk River at Twin Bridges (M.P. 1), Hap's Hill Campground (M.P. 2), and at the entrance to Monte Cristo (M.P. 4). There are no toilet facilities in the townsite. Drinking water should be carried. PRECAUTIONS: call to determine current state of trail) Due to flooding and heavy rain in 2006 the road was badly damaged at the clay slide area at approximately M.P. 0.6. A short, steep bypass over the top of the slide begins to the right at the MCPA bulletin board. A rough trail exists across the face of the slide, but its condition varies with weather and slide movement. At M.P. 1 flooding changed the course of the river and cut off the Twin Bridges. Fording is possible at very low water levels, keeping in mind slippery footing and the current. The river also rises with runoff during afternoons and rainy or warm melting periods.

ADS Region: Northwest

Owner/Operator's Contact Info: (206) 463-9602

Website: <https://vashonparks.org/paradise-ridge>

Email: info@vashonparks.org

Description of Site: A 43.0 acre park developed as an equestrian park that has become a multi-use and large event center. It is located in the center of Vashon Island off Southwest 220th Street. Portions of the former NIKE missile site conserve stands of second growth woodlands. A Foster cross-country equestrian jumping course has been cleared around the perimeter of the site and is also used for hiking, cross-country track competition and practice, horseback, and mountain bike riding. Groups associated with events use various areas within the park to camp during the event.

Directions to Site: on SW 220th across from Misty Isle Farm Estate public park but set up for equestrian activities.

Conditions at Site: 43 acres, contains 1 large fenced arena 100' x 200', a smaller non-fenced dressage arena and also has an eventing cross-country course that can be driven. It has some challenging hills and an upper course that is less challenging.

Site Name: Mazama Springwood Ranch, 10 Country Road, Mazama, WA 98833

State: Washington

ADS Region: Northwest

Owner/Operator's Contact Info: Steve & Kristen Devin 509-996-2040

Website: <http://www.mazamaranchhouse.com/index.html>

Email: info@mazamaranchhouse.com

Description of Site: The Mazama Ranch House is located in the small town of Mazama. Located on the eastern edge of the North Cascades National Park and adjacent to National Forest, our place is surrounded by beautiful green fields, snow capped mountains and large ponderosa pines.

Facebook: <https://www.facebook.com/Mazama-Ranch-House-196801087083050/>

Directions to Site: From Seattle in the late spring to late fall, our recommended route is driving north on I-5 to Burlington, then go east on Highway 20 (also known as the "North Cascades Highway") to Mazama. Click here for the DOT Pass Report to confirm that the North Cascades Highway is open. From Seattle in the winter drive either Highway 2 over Stevens Pass, or I-90 over Snoqualmie Pass and then US 97 north over Blewett Pass, to Wenatchee. From Wenatchee, head north on Highway 97 up the Columbia River to Pateros and then turn up the Methow River on Highway 153, which intersects with Highway 20 at Twisp. Continue west on Highway 20. Mazama is 15 miles west of Winthrop on Highway 20. From Spokane, go west on Highway 2 to Wilbur, then head to Pateros via Grand Coulee. At Pateros drive up the Methow River on Highway 153, which intersects with Highway 20 at Twisp. Continue west on Highway 20. Mazama is 15 miles west of Winthrop on Highway 20.

Conditions at Site: Private facility. Reservations required.

Site Name: Joe Watt Canyon, LT Murray Wildlife Area about 15 miles west of Ellensburg

State: Washington

ADS Region: Northwest

Owner/Operator's

Contact Info: (509) 925-6746

Website: https://wdfw.wa.gov/lands/wildlife_areas/lt_murray/L.T.%20Murray/

Email: wildthing@dfw.wa.gov

Description of Site: The L.T. Murray Wildlife Area Complex is comprised of three individual wildlife areas - the L.T. Murray, the Quilomene, and the Whiskey Dick. Together, the entire L.T. Murray Complex covers roughly 110,000 acres, with approximately 30,000 acres of Department of Natural Resources (DNR) and Bureau of Land Management (BLM) lands interspersed throughout in a checkerboard pattern closed in winter.

Directions to Site: Watt Canyon: From I-90 Thorp Exit 101 to Joe Watt Canyon, Watt Canyon Road, and Hutchins Road: Travel approximately 0.75 mile South from Exit 101 on Thorp Highway to Thorp Cemetery Road and take a right onto it. Thorp Cemetery Road parallels I-90 like a siding road and heads NW. Follow it for approximately 3 miles, and go left onto Watt Canyon Road. Travel past the end of the pavement, across the canal, and up to the elk fence. Use the gate to the right (North), as the one by the barn and facility is locked for administrative use only. Please close the gate behind you. As you pass through the gate Hutchins Road is to the right, and Watt Canyon Road to the left. Please follow Green Dot Road Management regulations, and use a Green Dot map of the area for reference. This area is closed each winter for the protection of wintering elk. Closure begins approximately December 15, and reopens May 1. No campfires from April 15 to October 15.

Conditions at Site: Large parking area at the gates. Plenty of room for horse trailers and buses to park and turn around. No restrooms.

Site Name: Crown Zellerbach Trail Parallel to Scappoose Vernonia Highway, Scappoose, OR

State: Oregon

ADS Region: Northwest

Owner/Operator's Contact Info:

Website: <https://www.ci.scappoose.or.us/publicworks/page/crown-zellerbach-trail>

Email:

Description of Site: The Crown Zellerbach Trail is a 22.4 mile trail that runs parallel to Scappoose-Vernonia Hwy west of Scappoose. Future plans are to join existing segments of the trail to create a linear park from Scappoose to Vernonia. A parking and staging area is at the public parking area near the intersection of Wikstrom Road and Scappoose- Vernonia Hwy., across from the BB market. A second parking and staging area is located @ 7 miles from the first area on the left side of the road. A gravel parking area with ample parking and turnaround area is available. Surface varies from gravel to asphalt, but generally is good to excellent for year round driving. A small section east of Walker Road has large gravel. It is possible to drive on the trails shoulder. Fences have been erected where individual houses are located along the trail. The trail is shared with pedestrians and dogs, joggers and bicyclists. No motorized vehicles are allowed on the trail. Bollards (stanchions) are in place to keep motorized vehicles from driving on the trail. Small carts can be lifted over the bollards or driven through. There is an approximate distance of 3-4 miles between stanchions along the trail.

Map: <https://www.alltrails.com/trail/us/oregon/crown-zellerbach-trail--4>

Directions to Site: Off Highway 30- Scappoose/Vernonia Highway

Conditions at Site: Surface area varies from gravel to asphalt along the trail. Bollards (stanchions) exit along the trail around 304 miles to keep motorized vehicles off the trail. VSE carts could be lifted over or drive through. Have been told that can call the city of Scappoose and someone can remove them for a specific day for driving.

Site Name: Washington State Horse Park
1202 Douglas Munro Blvd. Cle Elum, WA 98922

State: Washington

ADS Region: Northwest

Owner/Operator's Contact Info: (877) 635-4111

Website: <http://www.wahorsepark.org>

Email:

Description of Site: Leslie Thurston is the director and she's almost always around to help or answer questions. She's a horse person and is very knowledgeable and friendly. The terrain is varied with hills, trees, open areas, and water features. You can drive all day and just have a wonderful time! Available all season (not just Wednesday!). If you plan on a weekend just check the calendar or contact Leslie because occasionally the Park will be booked for a three day event or something special and then no carriages are allowed.

Directions to Site: Large parking area with enough room to unload your carriages and hitch up. Park is just a few minutes off of Interstate 90. Easy to find.

Conditions at Site: Wonderful safe roads that are well maintained and free of motor vehicles. They are wide enough to pass a carriage coming from the opposite direction in most area (although not all, but you can pull off to allow passing). Arrangements made with Leslie, the Horse Park director, to have Wednesdays designated as 'driving day'. This doesn't mean the Park is closed to other equestrian disciplines, but instead just gives riders a heads up so they are aware carriages will be in the Park.

Description of Site: Carriage friendly trail if you don't mind a steep drop offs to the river below. It is out of Hantwick Road trailhead which is a 5.2 mile round trip. The Hantwick trail is very flat and easy. The trail runs parallel to the Lewis River and affords a nice view along the full length.

Directions to Site: Drive I-5 north to Exit 11 for Battle Ground and Highway 502E. Keep right after 0.2 miles (bearing left takes you to a Rest Area) and, in another 0.6 miles, merge right with Highway 502E for Battle Ground. Drive 5.9 miles into Battle Ground, and turn left at a traffic light for Highway 503N, Amboy, and Yacolt. Stay on this road, also called the Lewisville Highway, for 5.7 miles and then turn right onto NE Rock Creek Road, which becomes Lucia Falls Road. Drive 2.7 miles to a Stop sign at the junction with 172nd Avenue, and continue straight for Moulton Falls County Park on Lucia Falls Road. Drive for another 2.6 miles and make a right onto NE Hantwick Road. Go another 0.5 miles, crossing the East Fork Lewis River and then some railroad tracks before turning left into the Hantwick Road Trailhead parking area.

Conditions at Site: Wide, easy trail with minimal elevation.

Has submitter driven site recently? No, but other drivers have.
