to discuss creative advertising avenues tailored to your publicity goals.

MECHANICAL REQUIREMENTS:

TRIM SIZE: 8-1/8" x 10-3/4" **BINDING:** Saddle wire

PRINTING: Sheet Fed Offset

AD PREP SERVICE: Your ad can be prepared for publication by American Driving Society, first hour free of charge, then \$50 an hour after that. The charge will be assessed on the first insertion of the ad.

Ads submitted in digital format must meet production guidelines. Please call if you have any questions regarding your file set-up.

DIGITAL AD SUBMISSION:

- We prefer receiving ad material on a CD or DVD that is accompanied by a hard copy proof.
- If you submit your file electronically, please send a hard (paper) copy as well – we want to ensure that our copy looks like your copy!
- Please do not send negatives.

FORMATS:

- We accept the following formats: JPEG, TIFF, EPS, and PDF (be sure to include fonts when saving).
- We accept versions of the following programs: QuarkXpress 6.0, Adobe InDesign, Adobe Photoshop, Adobe Illustrator. We are unable to accept Corel, Microsoft Word, Microsoft Works, or Microsoft Publisher files.
- Writing or exporting the accepted file formats (JPEG, TIFF, EPS, and PDF) is only recommended from the supported applications (above) for predictable, high-quality output.

FONTS:

- Avoid the use of True Type fonts.
- Post Script fonts are preferred.
- At submission, remember to include all screen and printer fonts.
- When practical, please convert all text to outlines. **COLOR & IMAGES:**
- DO NOT use RGB colors.
- Images must be in CMYK or Grayscale.
- When creating lines in your images, do not use the "hairline" line thickness (for best results use .5 thickness or higher).
- Digital photography and scanned images must be 300 dpi (at scale).
- Line art should be scanned at 800 dpi or higher.
- Color saturation should be limited to 360% or less coverage.
- Please avoid use of 4-color black for fine lines and copy.
- For black areas thicker than .25" to .5" a "packed-black" is suggested for better appearance. We recommend a breakdown of 50C, 40M, 40Y, 100K.

ELECTRONIC PREPARATION GUIDE:

- You can view our Electronic Preparation Guidelines at www.americandrivingsociety.org
- For non-PDF preparation, please double-check that fonts are included and all graphics are linked before transmitting. For QuarkXpress use the "Collect for Output," and for InDesign use the "Package" feature under the File Menu.

Compression: If submitting files to us that are compressed, please send us a single archive file using Stuff-It.

Black-and-White Ads: All black-and-white ads must be set up to output as one-color art. No color specifications should be applied to any type or art elements of a black-and-white ad. This will prevent any unanticipated screen tints from appearing in final output.

Color Ads: Laser proof or higher quality proofs must accompany digital ads.

PDF Preparation (Preferred): A simple reliable way for you to send your files to us is by sending a press quality pdf file.

Dimensions: All ads must be configured to fit the paper size as indicated in "Mechanical Requirements." Be sure to create documents in the proper trim size, not bleed size, of your ad. However, be certain to include bleed imagery. There is no need to add registration marks manually; we prefer to use the automatic crop mark feature of the page layout software.

Bleeds: No extra charge on full pages. Trim size 8-1/8" x 10-3/4". Keep live matter 1/4" from edges.

Preparation: If American Driving Society production department considers a digital ad to be incorrectly set up by the advertiser, the advertiser may correct and resubmit the ad OR the advertiser may request that American Driving Society alter the ad to meet specifications at an additional charge to be quoted. Please call if you have any questions regarding your file setup.

A Quick Checklist

- ___ Are all fonts included? (Screen and printer)
- ___ Are all linked graphics included?
- ___ Is a proof provided at 100% scale (tiled, if necessary)?
- ___ Are the dimensions correct?
- ___ Are PDF files saved as "Press Quality"?
- ___ Are 4-color (process) ads specified in CMYK color space?
- ___ Are black and white ads set up as 1-color art?

Special Positions: Every effort will be made to comply with advertiser requests but special positions cannot be guaranteed. Contact Abbie Trexler about possible premium placement rates.

Advertising Contract: All advertising orders accepted by the American Driving Society are subject to the terms and provisions of the current rate card.
