ADS Trail Guide, Midwest Region

Site Name: Brushy Creek State Recreation Area
2802 Brushy Creek Road Lehigh, IA 50557

State: Iowa

ADS Region: Midwest

Owner/Operator's Contact Info: state (515) 543-8298

Website: <http://www.iowaparklands.com/park/brushy-creek-state-recreation-area/>
(great Trail descriptions)

Email: Brushy_Creek@dnr.iowa.gov

Description of Site: With approximately 45 miles of multi-use trails, there are trail activities for everyone including horseback riding, hiking, snowmobiling, cross country skiing, and mountain biking. Mountain biking is allowed on all multiple use trails. A map of these trails is on display at the information kiosks located in the equestrian campgrounds. When using the multi-use trail system: Always call ahead (515)543-8298 for current trail conditions Stay on designated trails only

Directions to Site: Equestrian Day Use Staging Area Currently there are two day-use staging areas, one adjacent to North Equine campground and one in the southern portion, near the South Equine campground. Day users are encouraged to use these areas at no charge for the day. Facilities include pit latrine restrooms.

Conditions at Site: PDF Trail Map available here:

[https://www.alltrails.com/parks/us/iowa/brushy-creek-state-recreation-area – Lake Trail](https://www.alltrails.com/parks/us/iowa/brushy-creek-state-recreation-area-Lake_Trail)

The 13 mile Lake Trail is a wide, mostly gravel loop around Brushy Creek State Recreation Area Lake. The loop includes some gravel road trekking on the east side but vehicle traffic is very light. The trail is primarily flat with the exception of the south section around the dam. The descent into the creek valley south of the dam is steep and the water crossing here is fairly wide. That said, it's very picturesque and the water is a refreshing resting spot for horses. You can bypass the water crossing by using the road on the dam and rejoin the trail on either side

Has submitter driven site recently? No

Track Surface: dirt & gravel paved roads

Veterinary Facilities:

How is cell phone reception? unknown

Are pets permitted on site on leash? Yes

Additional services available onsite: (Camping, water, stabling, etc.) Equestrian Camping Equestrian users enjoy one of the most modern camp facilities in the Midwest. The North Equine campground has a modern shower and restroom, campsites

The American Driving Society, Inc.

(including electrical), horse wash area, ample shade, a substantial hitch rail at every site (users are required to tie animals to rails) and a 100' by 200' arena. Water hydrants with potable water are available, as are picnic tables, grills, and a playground. 75% of these campsites can be reserved online through the park reservation system. The rest are available on a first-come, first-serve basis. The South Equine campground has a modern shower and restroom with sites including electric, non-electric sites, and full water and sewer hookup sites with the same amenities as the north campground. Advance campsite reservations can be reserved online through the park reservation system. One fourth of the campsites are still available on a first-come, first-serve basis. Horses are not to be hitched or tied to trees, shrubs or park facilities in a manner that will cause injury or damage to the plant or facility. Animals may be hitched to trailers for short periods of time for grooming and saddling. Animals must be stabled inside a trailer, at a hitch rail or in stalls or corrals if provided. Portable stall/pens or electric fences are not allowed.

Is a permit required? No **Permit Cost:**

Site Name: Whiterock Conservancy

1436 Highway 141 Coon Rapids, IA 50058

State: Iowa

ADS Region: Midwest

Owner/Operator's Contact Info: conservancy (712) 684-2697

Website: <http://whiterockconservancy.org>

Email: questinfo@whiterockconservancy.org

Description of Site: Use of the 33-mile dirt trail system is open to the public for horseback riding, mountain biking, hiking, and Whiterock Conservancy Gator use (ATV use is prohibited). **Facebook:** <https://www.facebook.com/WhiterockConservancyIA/>

Directions to Site: Arriving from Des Moines: Whiterock is about 70 miles from Des Moines; trip takes about 1 1/4 hours. From I-35/I-80 on the NW corner of Des Moines, exit onto Hwy 141 towards Perry. Drive through Perry, Bagley, and Bayard on Hwy 141. Whiterock Conservancy is 6 miles west of Bayard on Hwy 141. Arriving from Omaha: Whiterock is about 100 miles from Omaha; trip takes about 2 hours. Take I-80 east to Hwy 71 Atlantic/Audubon exit. Go north on Hwy 71, through Audubon, to Hwy 141. Turn east (right) and drive through Dedham and Coon Rapids. Whiterock is located 1 mile east of the convenience store in Coon Rapids on the south side of Hwy 141. Arriving from Ames: Whiterock is about 65 miles from Ames; trip takes about 1 1/4 hours. From I-35 in Ames, go west on Hwy 30. Turn south (left) onto Hwy 25 at Scranton. Turn west (right) on Hwy 141 at Bayard. Whiterock is 6 miles west of Bayard, on Hwy 141.

Conditions at Site:

Facebook page for horse trails:

<https://www.facebook.com/groups/WhiterockConservancyEquestrianTrails/about/> Our professional trail team is constructing six miles of equestrian trails that meander through the rolling hills in the river valley. In addition, fifteen miles of multi-use trails that provide some of the best vistas in Whiterock are open to equestrians. These new trails run through some areas where horseback riders have never been able to ride before.

Parking for horse trailers will be available at the River campground and at the new Oak Ridge RV Campground/trailhead. In order to reinforce the soft soils, many parts of the horse trails will have a covering of fine gravel. With use over time, this limestone will mix with the soil to create a longer lasting trail surface. Trail use is \$10 per horse per day to assist with trail maintenance and can be paid at any of the trail heads. Trails close when they are wet. You can find current trail conditions on the website homepage and on our Facebook page.

Description of Site: Heart of Iowa Nature Trail—Runs parallel to Highway 210 from Slater to Melbourne (Marshall Co.) It is not a continuous trail but you can ride on the crushed limestone trail surface, county roads, and city streets from Slater to Collins (1/4 mile of which is on gravel between Slater and Huxley.) The Heart of Iowa Nature Trail traverses classic Iowa farmland along the former route of the Chicago, Milwaukee, St. Paul & Pacific Railroad, also known as the Milwaukee Road. The trail transitions from smooth crushed limestone in the west to a rougher grass and dirt surface in the east, with a couple of on-road detours

Directions to Site: The best trailer parking is available at Slater, Cambridge, Maxwell, Collins, and Rhodes. Huxley's trailhead does not accommodate equestrians; however, water and restroom facilities are available.

Conditions at Site: Rail-to-Trail Horses are allowed on both the developed and undeveloped segments of the trail. On the developed sections, horses should stay on the mowed turf area adjacent to the limestone surface. The best trailer parking is available at Slater, Cambridge, Maxwell, Collins, and Rhodes. Huxley's trailhead does not accommodate equestrians; however, water and restroom facilities are available. Locked gates on some parts to prevent motorized vehicles, key is available from the ranger.

25022 County Road 41, Starbuck, MN 56381

State: Minnesota

ADS Region: Midwest

Owner/Operator's Contact Info: state (651) 296-6157

Website: http://www.dnr.state.mn.us/state_trails/glacial_lakes/index.html

Email: info.dnr@state.mn.us

Description of Site: The Glacial Lakes State Trail is located on a former Burlington Northern railroad grade, and is generally level and wheelchair accessible. The trail is paved for 22 miles between Willmar, Spicer, New London, Hawick, and the Kandiyohi/Stearns County line, and a five mile stretch from Richmond to Roscoe is also paved. The many lakes make this area a popular tourist destination. The towns along the trail provide access points, rest stops, and other services to trail users.

Directions to Site: Willmar: Take Highway 12 east to County Road 9. Turn north (left) and go two miles to the parking lot on west (left) at the Civic Center. Spicer: At the junction of Highway 23 and County Road 10. Parking lot is west off 23. East Nest Lake Public Water Access: Two miles north of Spicer on Highway 23 and 1/2 mile west on the Township Road. New London: 1 mile northeast of Main Street on County Road 31, at the intersection of River View Lane. Hawick: North side of town, at the intersection of Highway 23 and County Road 2.

Conditions at Site 11 miles usable by horses. Horseback riders will enjoy the ten mile stretch of parallel grass treadway from Willmar to New London. From New London to the Kandiyohi/Stearns County line there are grass shoulders for horseback riding.

Site Name: Upper Sioux Agency State
Park 5908 Highway 67 Granite Falls, MN 56241

State: Minnesota

ADS Region: Midwest

Owner/Operator's Contact Info: state (320) 564-4777

Website: http://www.dnr.state.mn.us/state_parks/upper_sioux_agency/index.html

Email: uppersiouxagency.statepark@state.mn.us

Description of Site: This park is on the confluence of the Minnesota River and the Yellow Medicine River. The trails close after the first snowfall. There are 16 miles of multi-use trails that are shared with hikers. The park was established in 1963 to preserve and interpret the remains of the old Agency site. The park covers 1,280 acres and offers diversity: open prairie knolls, bluffs, and cool, wooded slopes.

Facebook:

https://www.facebook.com/pg/UpperSiouxAgencyStatePark/photos/?ref=page_internal

Directions to Site: From the town of Granite Falls at the intersection of State Hwy 212 and 23, go south on St. Hwy 23, about one block to State Hwy 67. Turn left on 67 and go eight miles to park entrances. The first of the park's three entrances will take you to the horse rider campground. The second entrance takes you to the main park entrance. The last entrance takes you to the campground.

Conditions at Site: No motorized vehicles are allowed. All of the paths are very well kept and the grassy portions are mowed neatly. Trails are mostly on rolling hills with a few somewhat steep hills as one nears the rivers. Keep in mind that in Minnesota there are bugs in the summer- mosquitos and flies. Come prepared. Best time to contact the park: M- Thurs. 8 a.m. - 9 a.m., Sat. & Sun 1 - 4:30 p.m. Office hours will vary. If no one is available, please leave a Message.

Site Name: Black River State Forest

The American Driving Society, Inc.

910 Hwy 54, Black River Falls, WI 54615

State: Wisconsin

ADS Region: Midwest

Owner/Operator's Contact Info: state DNR (715) 284-4103

Website: <https://dnr.wi.gov/topic/stateforests/blackriver/>

Email: via website

Description of Site: Twenty miles of designated horse trails begin at the horse campground. Located at the north end of the forest on Campground Road, the horse campground's 12 campsites are available on a first-come, first-served basis. This campground is strictly designated for horse camping; general camping is not allowed. The campground includes picnic tables, fire rings, and tethering posts at each site. To use the trails, riders must obtain a day or annual trail pass, available through self registration at the horse campground. A day use or annual vehicle admissions sticker is also required to access the trail and facilities.

Directions to Site: The Black River State Forest is located in the heart of west central Wisconsin near the city of Black River Falls. It is approximately two hours southeast of Minneapolis and two hours northwest of Madison near I-94.

Conditions at Site: The trails range from wooded and grassy to gravel and sand town roads. Some trail sections are shared with ATVs. Deer fly populations can be heavy in this area and may present a challenge to trail users during the summer months.

Website: <http://dnr.wi.gov/topic/parks/name/kmn/>

Email:

Description of Site: Equestrians enjoy 39 miles of bridle trail which are traditionally open late April through mid November depending on trail conditions. The main bridle trail winds the linear length of the forest of 33 miles. The southern loop has a wooden bridge to cross at about mile 2, and a steep hill with a sharp bend in the middle at about mile 5. Culverts to cross throughout the park. There is a stretch of gravel road to get to the main trails.

Trail maps available on WI DNR website:

<http://dnr.wi.gov/topic/parks/name/kmn/PDFs/kmnmap.pdf>

General Information on fees, etc.: <http://dnr.wi.gov/topic/parks/name/kmn/>

Directions to Site: Take 67 N/E out of Campbellsport for four miles. Turn right on SS for 2.5 miles. Turn right into driveway for Horseman's camp.

Conditions at Site: Most sites have pipe corrals plus high-ties at each site. The park is used for an endurance ride the first weekend in May and the first weekend in October, so camping is limited those weekends. There is a friendly camp host on site most weekends.

Has submitter driven site recently? yes, May 2016

Site Name: Holy Cross Trail Price County Forest

The American Driving Society, Inc.

N11901 Holy Cross Trails Lane Phillips, WI 54555

State: Wisconsin

ADS Region: Midwest

Owner/Operator's Contact Info: county (715) 339-4505

Website: <http://www.pricecountywi.net/452/Holy-Cross-Trail>

Email: via website

Description of Site: This trail was created by the Northwoods Equestrian Trail Riders. They maintain the trail by clearing fallen trees, mowing the trails and parking lots, and have furnished hitching rails, a mounting block, picnic tables, trail signing, trail maps and a shelter. The 20-miles of well-marked forested trails are gently rolling to flat. The trails are 95 percent double wide looped with Trail A serving as a north boundary trail and Trail B serving as the south boundary trail. All trails except Trail F are wide enough for horse and cart driving. Wide twin track trails on rolling terrain with a loop that surrounds a small lake. The southern loop is flatter than the north loop and east loops. The very scenic forested trail has a grass surface and offers moderately hilly and rolling terrain through a variety of timber types. A portion of the trail is mowed periodically.

Directions to Site: This trail is located at N11901 Holy Cross Trails Lane in Phillips. To reach the south parking area travel 7.5 miles on Hwy. 13 north of Phillips and then east 1.5 miles across the railroad tracks on Holy Cross Road (gravel); at the intersection, do not turn right, continue going straight .2 miles on Holy Cross Trail Road to the parking area. There is room for 8-10 horse trailers if they are parked parallel. To reach the north parking area, take Hwy. 70 to Hicks (Landing) Road (blacktopped) east of Fifield, go south on Hicks Landing Road about 4.6 miles to the parking lot. There is only room for two horse trailers at this parking area.

Conditions at Site: There is only room for two trailers at the north parking area. There are no wet areas and horses do not require shoes. There are locked gates, a key is available from the club or Price County Forestry and Parks Department. From the parking area, continue down the road and around the gate to get to the trail. If you take trail A to the left, it takes about 15-20 minutes to get to the north end of trail C, if you are riding leisurely. It takes about another 15 minutes to reach the north end of trail E.

Description of Site: Twenty miles of marked trails, divided into six loops. A portion of these trails are wide enough to accommodate carriages. Carriage trails are marked with a wagon wheel sign. Horse camping available at nearby Ukarydee Equestrian Campground.

Directions to Site: From Coloma you would take Hwy 21 West (about 30 miles) through a four way stop with flashing red lights (that is Hwy 13 and Hwy 21 intersection) ...through a little tiny town called Arkdale and about five miles after that to Hwy Z. Go South on Hwy Z to the first intersection (Cumberland). Go West on Cumberland, go through one stop sign and look for the first driveway on the left after the stop sign. From the Direction of Necedah go East on Hwy 21 to Hwy Z (about five miles after crossing the Wisconsin river). Go South on Z to the first intersection (Cumberland). Go West on Cumberland through one stop sign and look for the first driveway on the left after the stop sign.

Conditions at Site: Gently rolling terrain with some creek crossings and ponds. Shoes not required. Quite a few roots in the wooded sections Most campsites have pipe corrals, some sites have corrals with tape fencing. Campground and park are used for endurance rides the second weekend in August and the second weekend in October, so campsite availability can be limited those weekends

Has submitter driven site recently? yes, August 2016

Owner/Operator's Contact Info: county (608) 224-3730

Website: Friends of Donald Park www.donaldpark.org dane-parks@countyofdane.com

Email: dane-parks@countyofdane.com

Description of Site: Donald County Park is a 775-acre park located in the Town of Springdale, southeast of Mt. Horeb off Highway 92, just west of Mt. Vernon. The park contains oak woods, intriguing rock outcroppings with scenic vistas and springs 14 miles of bridle trails. Trails are mowed grass, and closed when conditions are wet.

Directions to Site: Equestrian Trails Entrance: 8666 Co. Highway G, Mount Horeb, WI 53572

Conditions at Site: Equestrian Entrance This entrance give access for equestrian visitors, including space to park horse trailers, hitching posts, handicap mounting block, picnic tables and a bathroom. Donald County Park has one of the largest networks of equestrian trails in the Dane County Park System. There are 3.5 miles of multiuse trails (equestrian, hiking, skiing, snowshoeing) throughout the park. There are another 17.5 miles of horse trail easements on lands outside the park, both south of the park and to the north across Hwy 92. On map – southeast of #5. Trail is shared with hikers and leashed dogs.

Site Name: 400 State Trail Wonewoc to LaValle, WI
400 State Trail Headquarters PO Box 142 Reedsburg, WI 53959

State: Wisconsin

ADS Region: Midwest

Owner/Operator's Contact Info: state (800) 844-3507

Website: www.400statetrail.org

Email: via website

Description of Site: Wetlands, wildlife, sandstone bluffs, rolling croplands and pastures are just a few of the sights you can enjoy on the 400 State Trail as it repeatedly crisscrosses the Baraboo River. The entire length of the 22-mile trail follows along the river valley from Elroy to Reedsburg. 7 miles on a former railroad corridor that runs along the Baraboo River. Day use only.

Directions to Site: Parking is available along city streets in Union Center, Wonewoc, LaValle and Reedsburg.

Conditions at Site: A unique feature of the 400 State Trail is a 7-mile horse trail parallel to the bike trail between Wonewoc and LaValle. Horses must stay on the grassy portion and are not allowed on the limestone-surfaced trail. Etiquette for Equestrians • Make sure your horse has the temperament and training for riding on congested trails. • Advise other trail users of your horse's temperament, e.g., a horse with a tendency to kick should always wear a red ribbon in the tail. Assume that not everyone will know what the ribbon means, so be prepared to explain or take the necessary precautions to avoid trouble. • Obey posted speed/gait limits. Avoid cantering or galloping on busy trails. • Know your horse's limitations. • Leave gates as you find them. Obey gate closures and regulatory signs. • Let other trail users know when it is safe to pass your horse. • Announce your intention to pass others. Come to a walk and pass on the left. • Always pick up after your horse. Keep the trailhead clear of manure and trash. Try to keep the trail clean of manure. Individual trails may require that you pick up manure.

Email: via website

Description of Site: 30 beautiful miles between Casco Junction in Kewaunee County and Sturgeon Bay in Door County. The trail is wide enough to accommodate carriages along its entire length. Trail is open to horses Apr 15th - Nov 15th

Directions to Site: To access the northern trailhead and parking at Sturgeon Bay from SR 42, turn south off SR 42 onto S. Neenah Ave. Go 1.2 miles and, with a cornfield and a brown AHNAPEE STATE TRAIL I sign on your right, turn left to reach the parking area (0.2 mile north of Wilson Road). Parking is also available at various locations toward Sturgeon Bay, such as Cherry Blossom Park on S. Lansing Ave. and various on-street spots. To access the southern trailhead in Kewaunee from I-43, take Exit 171 for Depere Road toward Greenleaf/Denmark, heading east, and follow Depere for 0.9 mile—Depere Road turns into Main St. along the way. Veer right onto Wisconsin Ave. and continue for 0.2 mile. Bear left to continue on County Road KB for 2.3 miles, crossing the Neshota River, and then turn left onto County Road P. After 6 miles, turn right onto SR 29 E./SR 29 Trunk E. Go 14.4 miles and turn left onto Milwaukee St., noting the Ahnapee state trail sign on your right at the intersection of Milwaukee and Harrison St. In 0.1 mile, turn left into the trailhead parking lot, located across the street from Harbor Park and a restaurant parking lot.

Conditions at Site: Motorized vehicles not allowed.
