Class Descriptions

Best of Show House Class. Judges to consider performance in obstacles classes, overall care of equine(s) and stabling area, and "Best of Show" ring class, which is to be judged 50% on quality of turnout, 25% on suitability of equine to provide a pleasant drive, and 25% on the ability and skill of the driver. By invitation only. No entry fee.

Carriage Dog - Article 231 Judged primarily on the suitability of the dog to serve as a companion (maximum one dog per vehicle). To be judged both ways of the arena at a walk, slow trot, and working trot. The dog should be standing, lying down, or seated on the vehicle. Dog must be on the vehicle at all times. The dog must be under control at all times. The dog must not be led on the ground from the vehicle or be restrained by being tied to the vehicle, driver, or passenger. The driver should not hold the dog, and the dog should not interfere with the driver in any way.

Concours d'Elegance - Article 230 To be judged as a separate class. The essence of the competition is the word "Elegance." The winner will be the turnout which, in the opinion of the judge, presents the most elegant effect. This will include the vehicle, harness, appointments, horse(s), driver, passengers, grooms, etc. but above all general impression is most important. Vehicle and harness may be inspected to ensure thoughtful restoration and careful maintenance. Attention will be paid to the personal appearance of the driver, grooms, and passengers as it contributes to the overall picture. Period costumes are definitely prohibited. Performance will not be judged unless it detracts from the elegance of the turnout. *By invitation only. No entry fee.*

Fault Obstacles - Article 250.3 To be driven over prescribed course of numbered obstacles, not to exceed 20 obstacles. After passing through the start line the driver proceeds through each obstacle in order to the designated finish line. Placings to be determined on a low-fault basis. Course faults and one fault for each second commenced over the time allowed are added together for a total score. Time allowed is calculated as per Article 240. Time will decide ties for those with equal fault totals. Minimum clearance will be 35 cm plus track width for horses and ponies and will be 30 cm plus track width for VSE's.

Ladies Driving Class - Article 219 Entries are judged primarily on the suitability of the turnout for a lady with emphasis on manners. To be shown both ways of the arena at a walk, slow trot, working trot, and strong trot. Must rein back without resistance and must stand quietly at any location in the arena. To be judged 50% on manners, performance, elegance, and suitability of the turnout for a lady; 25% on skill of the driver; 25% overall impression.

Gentleman's Driving Class - Article 220 Entries are judged primarily on the suitability of the turnout for a gentleman with emphasis on manners. To be shown both ways of the arena at a walk, slow trot, working trot, and strong trot. May show a degree of boldness but not excessive speed. Must rein back without resistance and must stand quietly at any location in the arena. To be judged 50% on manners, performance, and suitability of the turnout for a gentleman; 25% on skill of the driver; 25% on overall impression.

Reinsmanship - Article 223 A pleasure driving class in which entries are judged on the ability and skill of the driver. To be shown both ways of the arena at a walk, slow trot, working trot, and strong trot. Drivers shall be required to rein back. All drivers chosen for a workout may be worked at any gait requested by the judge and may be asked to execute appropriate tests. The driver should be seated comfortably on the box so as to be relaxed and effective. Either the one or two-handed method of driving is acceptable. Common to both methods, the

elbows and arms should be close to the body with an allowing but steady hand enabling a consistent feel with the equine's mouth. Drivers should not be penalized or rewarded for using one general style over the other. To be judged 75% on handling of reins and whip, control, posture and overall impression of driver; 25% on the condition of harness and vehicle and neatness of attire.

Scurry Obstacle - Article 248.1 To be driven over a course of unnumbered obstacles consisting of cones and balls, not to exceed 10 obstacles. After passing through the Start markers from any direction, the driver proceeds through each obstacle from any direction, in any order. Each obstacle must be driven once. Upon completion of the course, the driver must pass through the Finish markers from any direction, where time will be taken. Refusals and run-outs will not be penalized. Course faults will be scored as penalty seconds and added to the driver's elapsed time. Placings will be determined on a low total time basis. Ties for first place will be broken by a drive-off, unless otherwise stated in the ADS Omnibus.

Turnout - Article 217 A pleasure driving class in which entries are judged primarily on the performance and quality of each turnout. To be shown both ways of the arena at a walk, slow trot, working trot, and strong trot. To stand quietly and to rein back. To be judged 70% on the condition, fit and appropriateness of harness and vehicle, spares and appointments, neatness and appropriateness of attire and overall impression; 30% on performance, manners, and way of going of equine(s).

Working - Article 218 A pleasure driving class in which entries are judged primarily on the suitability of the equine to provide a pleasant drive. To be shown both ways of the arena at a walk, slow trot, working trot, and strong trot. To stand quietly, both on the rail and while lined up, and to rein back. All entries chosen for a workout may be asked to execute appropriate tests. To be judged 70% on performance, manners, and way of going of the equine(s); 20% on the condition and fit of harness and vehicle; 10% on neatness of attire.

Your Route/My Route - Article 248.6 To be driven over a course of 10 numbered obstacles. The suggested minimum obstacle clearance is 200 cm for paired markers and a minimum of 3.6 m for multiple obstacles such as "L" and "U" shapes. Your route: After passing through the start markers, the driver drives through all 10 obstacles in the correct sequence and direction. My route: After completing the #10 obstacle, the competitor will continue, without passing through the Start/Finish markers by driving all obstacles a second time in any sequence and in either direction. Time will be taken when passing through the Finish markers in either direction. Entries may be stopped by a signal from the judge after completing the #10 obstacle to allow dislodged/disturbed obstacles to be rebuilt. Course faults are assessed as penalty seconds and are added to the driver's elapsed time. Placings are determined on a low total time basis. Ties for first may be decided by a drive-off (unless otherwise stated in the ADS Omnibus).
